Introduction

Transits to Angles

Location charts respond to transits very much like your natal chart. Although Jupiter, for instance, may not be transiting your natal Ascendant right now, it is transiting your relocated Ascendant somewhere, and that somewhere is likely where you'll easily get a lot of extra attention and enhanced personal prospects if you go there or start doing business with people there. The same goes for the rest of the planets, so you can travel to seek or to escape their transits at the place of your choice.

Planets on Angles

Any planet on one of the angles (Ascendant, MC, Descendant, IC) of your relocation chart will be greatly strengthened when you are at the place of relocation, very much like if it were on the angles of your natal chart. If the Sun is on an angle, you'll have more confidence; if Mars is there you'll have more energy, and so on. Moreover, you don't have to actually go there to get the effect. Having a planet on a relocated angle will accentuate that place for you even if you are only doing business with people there over the phone. You have an accentuated quality to people in such places that you may not have elsewhere.

Transit Mars Ssx MC (Strong)

This month-long window gives you extra support and energy to fuel career projects here, and anything in general that promotes building your reputation. Good things said about you now are currency you can take to the bank -- and you should, before their expiration date. Use the budget, because you'll lose what you don't.

Transit Neptune Ssq MC (Strong)

People here may not consider your background as ideal for their situation at all, whether there is any truth to that or not. It's a passing, but extended, phase which will have you repeatedly straightening out what you have and haven't done to clarify and set things straight. You'll know it by memory soon, if you choose to stay.

Transit Mercury On MC (Medium)

The message about you is buzzing around this place, but you may have to turn up your radar to pick it out. When you do, find out who it's coming from and ring them up right away -- here's the opening to make your ideas and accomplishments public, get your version of it all out on display, advertise.

Transit Venus Tri IC (Medium)

People here are quite taken by your reputation for the moment, so take advantage of the good press to cash in some chips and make a few more investments. A window of a week or so allows for well-supported career moves here that may tide you over when there's less of a free ride to be had later.
